PHOENIX INDIAN HIGH SCHOOL

Don: Been knowing you. Wishing you all the Luck! Janie

Alan: Sure enjoyed knowing you - Good Luck - Henry

Alan: Nice knowing you. You are a nice young man. Stay that way. Good luck Barbara Isbell

Alan: Certainly enjoyed working with you and may God always be your Guide. Do continue your education. Sincerely Hubert Brown Jr.

ADMINISTRATION

Superintendent, James D. Wallace

We are now living in a period that is exciting and challenging. Wherever we look there appears to be many changes taking place that affect our lives. Each of us matures through various experiences as we become influenced by the things that are happening around us. Just how fast and how far we develop depends on our attitude, desires, and how we apply ourselves.

The staff of our school is glad to have contributed to the development of each student. Our thanks also to the many off campus people who have contributed to the growth of our young men and women.

All the employees of Phoenix Indian High School join us in extending best wishes to the Class of 1967.

NOEL D. SCOTT, PRINCIPAL

JAMES D. WALLACE, SUPERINTENDENT

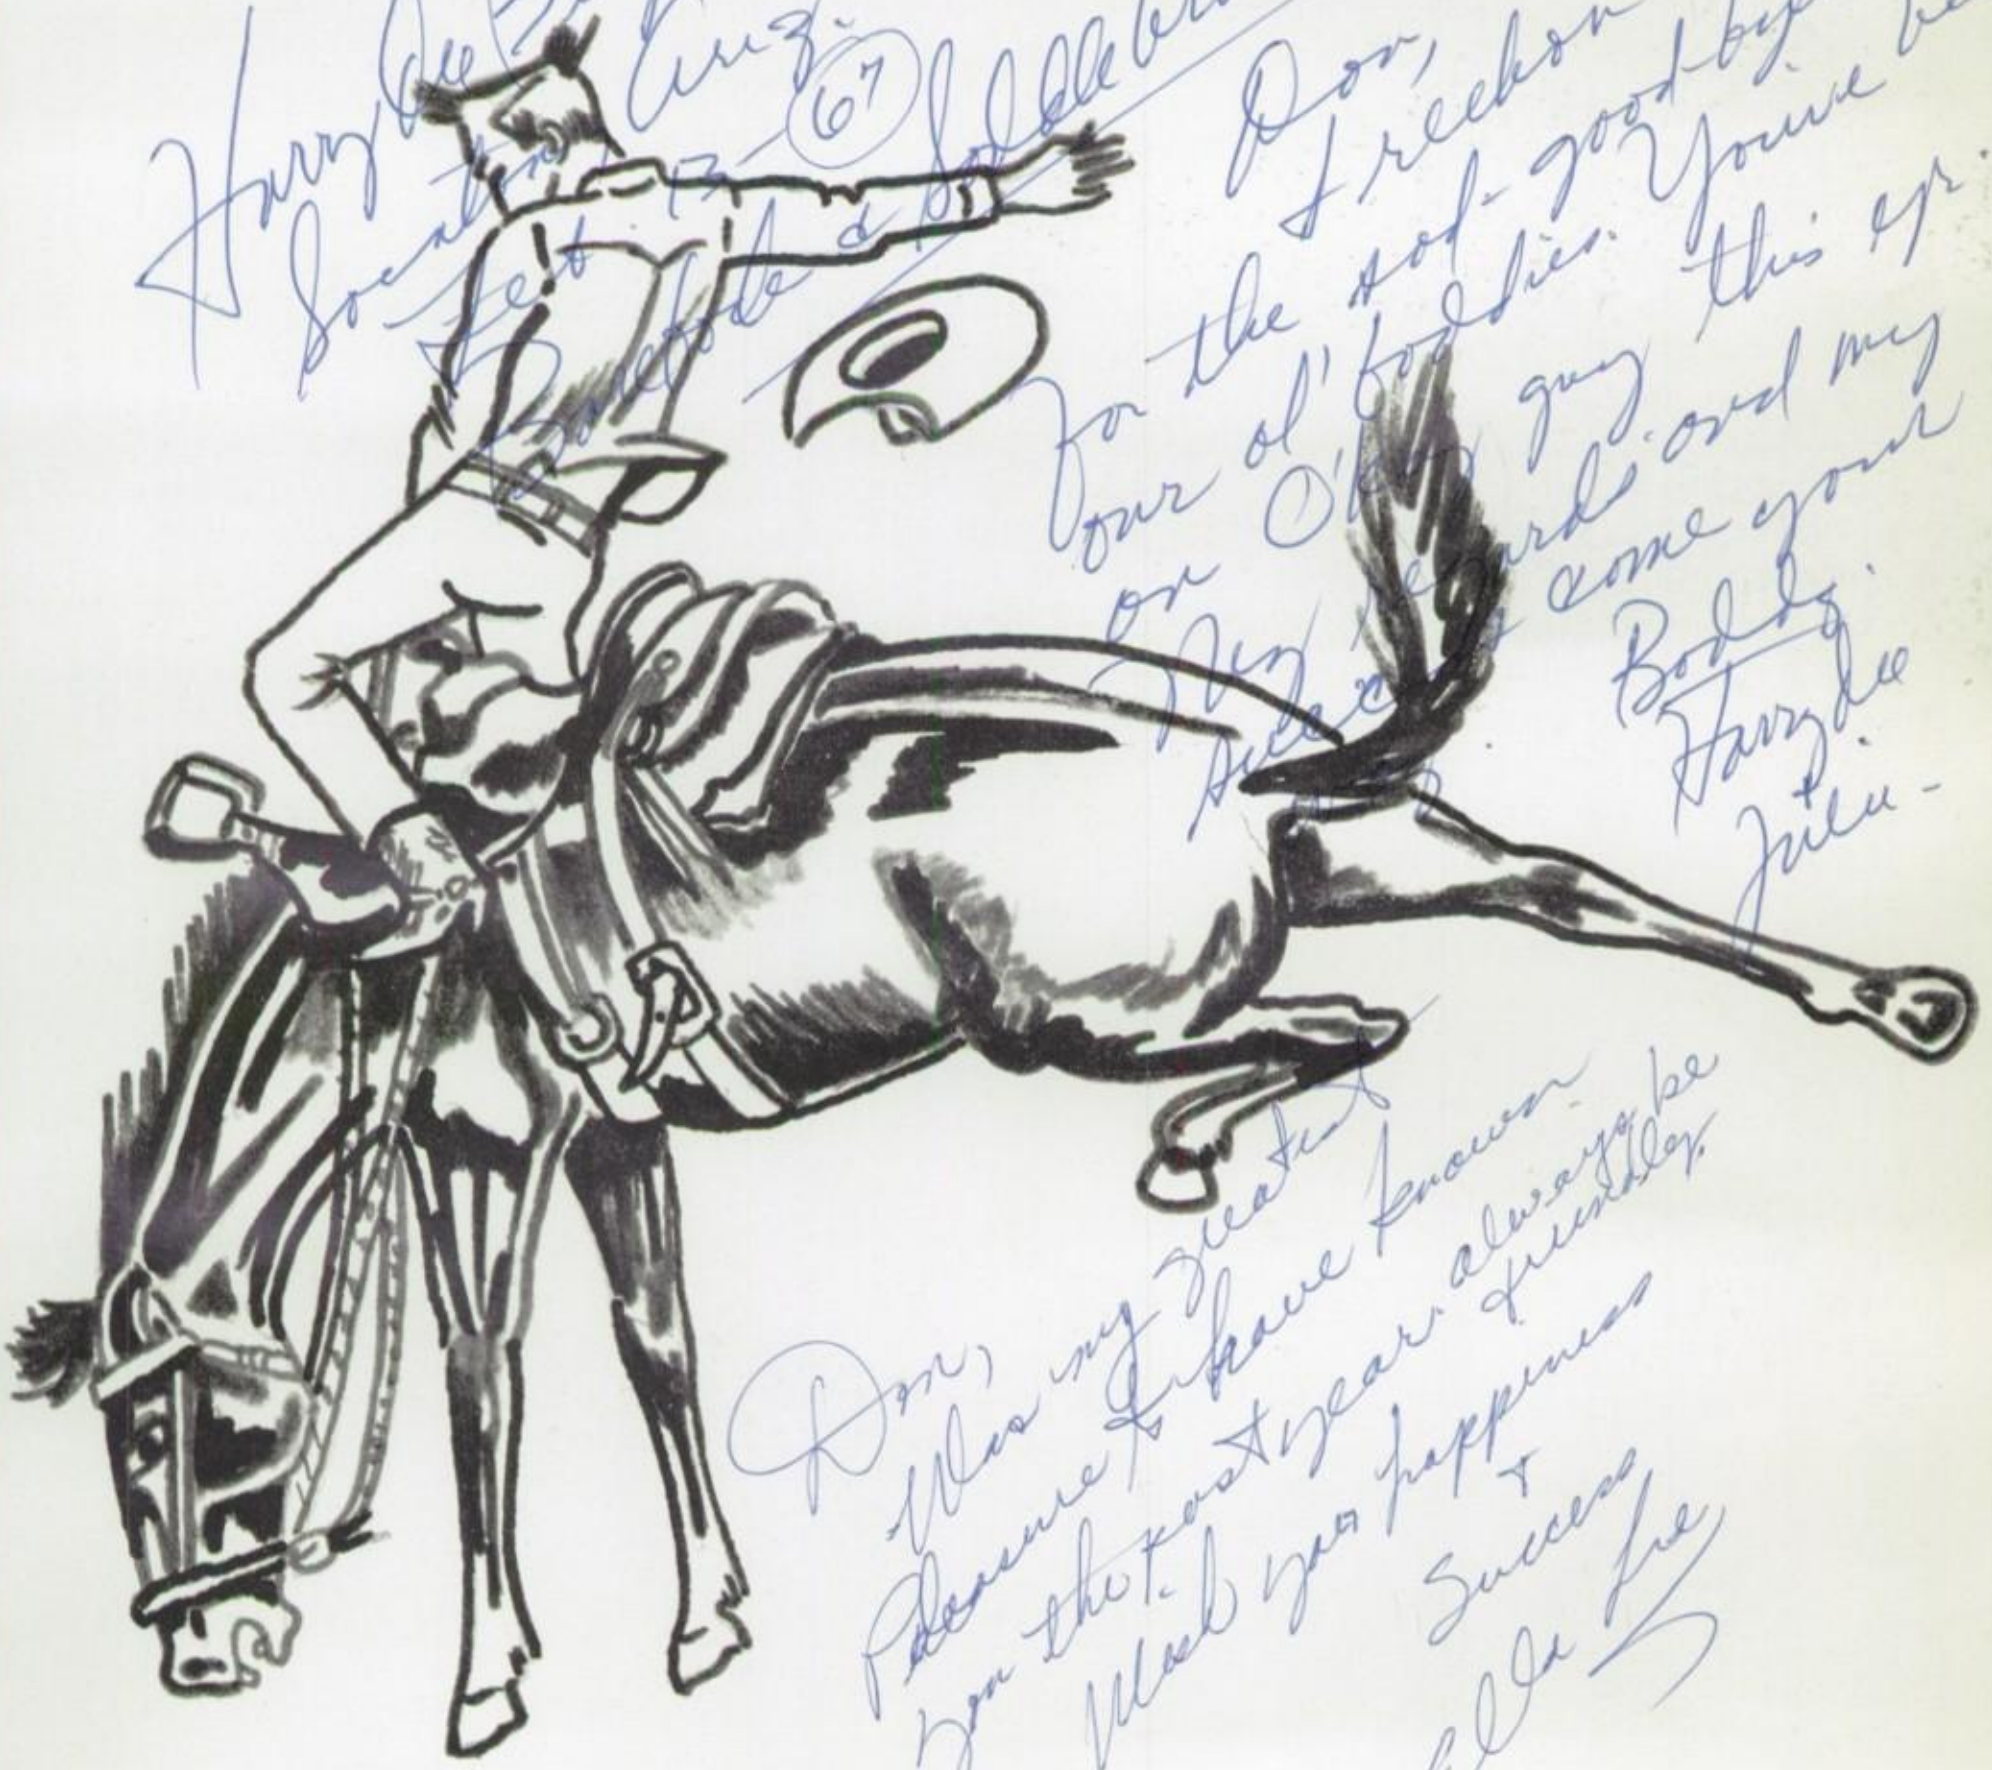
Phoenix Indian High School's new principal, Mr. Noel D. Scott has been in the Bureau of Indian Affairs for eleven years. Along with his duties as principal of this school he is also principal of the Salt River Indian Reservation.

Previously he served as principal of the Keams Canyon Boarding School and as department head of guidance at Stewart Indian School, Stewart, Nevada.

His family consists of his wife, a 12-year-old-daughter, and a 9-year-old son.

Principal, Noel D. Scott

CLASS OF '67



Howdy: Shi-Boy. Don
It great for me to sign in your annual.
You're such a nice buddy that I know this
last school year. Be sure to continuing with
your education
if that's your
planning to be. Don't be a minor. Like the song:
guys. Education comes first. We're all the
treasures in this world and good luck to you.

The Senior Class of 1967 will graduate two hundred members on May 22. This will be an occasion for both joy and sorrow, but more important it will be an occasion for looking to the bright world of the future. Past experiences learned from studies and extra-curricular activities will be the foundation you will take with you to build your house of tomorrow.

Your past record of outstanding participation in atheletics, music, dramatics, Scouting, civic club attendance, and academic achievement will give you opportunities to use these talents in the future for your pleasure and happiness. Many of you will leave high school knowing that it is but one rung on the ladder of achievement, and will pursue more education, For others this is the end of formal schooling and you will go to work or become a homemaker. But to both groups always remember life itself is a school in which we never cease to learn.

At commencement you will receive a vital piece of paper, your diploma. It is important to you if you wish to seek higher education, but it will always be important even if you don't. In the future take it out once in a while and look at it. Think back on the times you would have liked to quit but didn't and exhibit this same determination to finish what you start in the future.

The Senior Sponsors.

Dorothy,
As for the days around here is pretty good alright and for myself din bad lazy. Anyway you've been a great, great buddy of mine this year. Especially having you as a so-called roommate. Even though you're always the one that keeps it clean all the time, but you were a swell pupe. Just keep it up and make more friends. It's good to have some body like you around to help when needed. You are a guy that knows how to be tease and never got mad about anything. I just want to say this try and keep away from them bottles, cuz you know what to me, whenever I take it. (she gets mad at me) So just take it easy on it.
The main thing is stick to your education. (just like a stamp to the envelope) like they say "education worths more than anything in this cruel world." So keep up with the school, not them bottles.
As I said you been a great pal and it was nice knowing you through out the year. I will always remember of the expression of a word "swimmer." ha! As the days are going by, from now on, be good and stay out of trouble and have fun with your family. I hope to see you around some where under the beaming sun, or reservation. I really don't have much in common now, just that I wish you happiness

Don,
Have a successful life in all your future May only the best be yours
Sincerely
Rose

in the days to come.
May your future be bright and full of happiness.
So I'll drop off here and land somewhere. ha!

We are occupied in learning the crafts of a different society. We exist surrounded by all kinds of sensory stimuli, multiple languages, multiple needs, and multiple responsibilities. In these is our learning, and out of these come our individual actions. We are, then, engaged in learning the art of living. And. . . we hope to become "artists at life."

The artist is the man in any field, scientific or humanistic, who grasps the implications of his actions, and of new knowledge in his own time. . . the man of integral awareness.

To be constantly aware is our aspiration and responsibility, and make our at-hand environment the source of personal enlightenment. To use this enlightenment to gain new altitudes for the human community is the aim of each of us in the class of 1968.

Our best wishes to the class of 1967 and all those who follow us.

TEENAGE ATHLETE OF THE MONTH

A NEW JIM THORPE?

JOEL QUERTA, Phoenix Indian School

JOEL QUERTA of the Phoenix Indian School dribbled to the corner of the court and took a 15-foot jump shot. As the ball dropped through the net, the capacity crowd in the Indians' tiny gym let out a mighty cheer and the pompon girls started a war dance. That last fieldgoal against Gerrard High School of Phoenix, gave Querta a total of 53 points. The 5-7 Hualapai Indian had set a school scoring record.

Querta, a junior in 1965-66, is back this season to continue his mighty scoring for one of the most exciting high-school basketball teams in the nation. Coached by Joe Famulatte, a former minor-league baseball player, the Indians often score more than 100 points in a game—and regularly beat much larger schools who have much taller players.

Querta averaged 31 points per game last season, the second highest average in the history of prep basketball in Phoenix, Arizona. He was named to all-conference, all-city, and all-state basketball teams.

But Querta is not only a basketball star. He is generally regarded as a young Jim Thorpe because he is equally at home on the baseball diamond, track and football field.

"Querta has one of the best jump shots I've ever seen in my 11 years at Phoenix Indian School," said Famulatte. "He can shoot well with either hand on a layup and he's good for a dozen rebounds a game."

Vic Sanchez, the school's football coach, said, "In football, we're almost always badly outweighed. Without Joel Querta we would have been winless in 1965. As it was he personally won two games for us and he was named to the all-conference team. Joel is a great quarterback and a scrambling, deceptive runner."

Querta, normally a wide-ranging shortstop, hurled a four-hitter and struck out 13 the first time he pitched a game for Phoenix Indian School last spring. He also hit a single and double and helped win the game, 3-2.

And, in track, the 145-pounder runs the 220, the 100, a leg on the 880-yard relay team and broad jumps. "He'd compete in more events, but the rules confine a high-school athlete to four," Famulatte said.

Boys come to the Phoenix Indian School from reservations throughout the Southwest. Joel came in as a junior. He grew up on the little Hualapai Reservation near Kingman in Mohave County. Marjorie Querta, his mother and a registered nurse, is determined that her son will attend college. It does not seem as though he will have much trouble. A solid student, Joel made the honor roll his junior year.

JERRY EATON

GIRL'S P.E.

"That guy sure tackle me."

Hey Melissa, Hows the weather up there?

"Stay alive, Don't drop now"

IN MEMORY OF ANTON KOLTHOFF

We dedicate our annual to one who devoted his life to Indian youth--building educational programs to help us meet the needs of a rapidly changing world and encouraging the development of high ideals, goals, and values.

But the temple the teacher builded
Will last while the ages roll,
For that beautiful unseen temple
Was a child's immortal soul.

I wish you good-luck in the
years to come with your Tina.
Of course, me, & Leo will stil be
together and someday we will Meet
again with your 3rd member along
by your side.

Thanks for your friendship you
and Tina had have share with us.
If only Tina have been around, it would
have been fun that way. Just then she
went home, hardly d've seen you arou-
nd. But its been fun ebith you a little,
for awhile. We both enjoy your friend-
ship throughout the year.

Many happiness come your way.
Enjoy your summer with Tina and
be good for her.

Again, Many happiness, with your
heart fill with joy.

Good-luck
A friend

Hi Don,
Its been wonderful to know you and I really enjoy seeing you around. First don't gamble like an old man. Just kidding you, Or Tina know, some girls don't like boys who drink. Like me, the way I feel ~~it~~ that because to much problem. Besides I look like boy who drink. Besides I look like a lot about this problem. I just hope some day you will learn your lesson from what you have been doing.

Pei Ebiz!

Hope you'll have a wonderful vacation. Good luck.

TO: Don,

I can't think of a way to thank you for the many wonderful days we had together, like running projector and going downtown. Some of them days we awkward because of your drinking, I don't mind but, you shouldn't do that, if front of Tina & 3rd member. You always say 'No body tells me what to do, where to go, where to work and etc," I wouldn't say that if I were you because you're still got some living to do. Don't drink when you are mad at Tina or when you have problems - you'll just wreck yourself, family, and future if you keep that up.

Since you told me that you aren't returning next fall I'll just take over the projection booth. Probably Ben Joe will be my assistance ~~too~~. I'll will continue where you left off

I just hope you drop off a letter or two once a month or week to see that you are getting alone fine over a Gallup or otherplaces.

In the years to come I'll be with Esther to continue our years to come. I might just a well do as the minority of the student here do. But time will tell, It might be true or not.

Just have a nice summer vacation and do for full your dreams and reach your goals. God bless you and keep you happy.

Good-bye or 'Adios"
